

umi

UKRAINIAN
MOULDING INDUSTRY

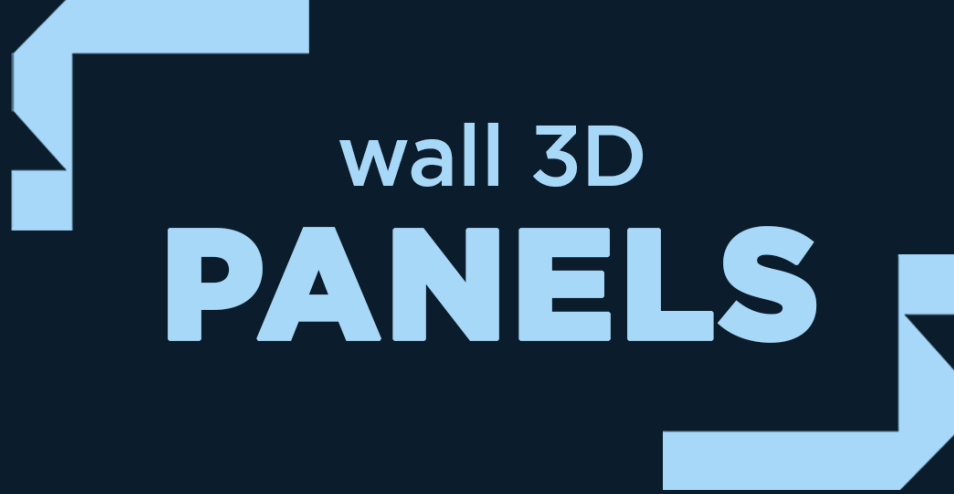

The background of the entire page is a photograph of a modern interior. On the left, a green plant with large leaves sits in a white ceramic pot. Next to it is a dark-colored teapot. In the foreground, a round table holds a white cup and saucer, and another white cup. The background wall features vertical wooden slats, and a dark rectangular object, possibly a TV, is mounted on the wall.

The UMI company started its activities in 2013
as a Ukrainian manufacturer of plastic profile.
You will find the best solutions in our assortment
for your projects, which will add zest and become
wonderful

decoration of the interior of an apartment, house, hotel,
restaurant, coffee shop, exhibition hall or other space.

We have regular clients throughout Ukraine, as well as abroad.
We deliver our profile to various European countries
and the number of these countries is increasing. Over the years
of activity of our company with foreign clients we
have proven themselves as a reliable supplier
and received the status of Approved Exporter.

We constantly support the availability of the assortment in the
warehouse in the amount of 90%. We manufacture at the
request of the client profiles of various shapes and desired
designs. The UMI company is open to cooperation
and always glad to new partners.

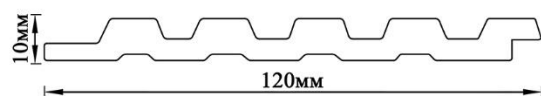

wall 3D PANELS

Peculiarities :

- ▲ The panels are made of impact-resistant polystyrene, which gives them high strength and durability in operation.
- ▲ Convenience in installation - they are attached to glue, liquid nails, and also they can be drilled to attach in screws, dowels, etc.
- ▲ The surface of the panels is smooth, without micropores, which provides them good appearance without eating dust, grease and other dirt.
- ▲ They do not deform and do not change color under the influence of moisture and sunlight.
- ▲ Resistant to detergents, they do not lose their aesthetic appearance.
- ▲ They conceal wall imperfections, such as: unevenness, stains, cracks, unsuccessful painting, etc.
- ▲ Intended for interior decoration of residential and commercial premises, as well as gazebos, terraces and balconies.
- ▲ The possibility of making to order according to the client's design.
- ▲ They repeat the shape of the surface and bend under the rounded walls.
- ▲ Production in Ukraine, fast production and delivery times.
- ▲ According to the sanitary-epidemiological conclusion, our duropolymer does not emit toxic substances and is safe for human health.
